PLEASE APPLY AT CIRCLED TIME(S):

PLEASE APPLY TO CIRCLED AREA(S):

PLEASE FOLLOW THE PROCEDURE EXAMPLE:

You will need the following items:

- Basin with water to rinse only. Do not dilute product!
- 16 ounce bottle of Foaming Hibiclens (turn pump to left to open)
- Clean towels

Skin cleansing procedure:

- 1) **Moisten** patient with a **clean, wet towel** for the selected area(s):
 - Neck
 - Chest
 - Arms
 - Abdomen
 - Legs
 - Perineal area
- 2) **Apply** a **liberal** amount of HIBICLENS (Foam) directly to the skin. Do not apply to face of patient. Do not dilute product in basin.
- 3) **Spread** the product with a **clean towel**.
- 4) **Rinse** product off with a **clean, wet towel**.
- 5) **Dry** patient thoroughly!

Turn the patient over and repeat the above instructions. Please refer to product label for full prescribing information.

PRECAUTIONS

- Do not dilute
- Do not use as a patient preoperative skin preparation on the head or face
- Do not use in contact with the meninges
- Do not use in contact with the genital area
- Do not use on wounds on more than the superficial layers of the skin
- Do not use in eyes, ears or mouth. May cause serious and permanent eye injury if placed or kept in the eye during surgical procedures, or may cause deafness when instilled in the middle ear through perforated eardrums.
- If contact occurs in any of the areas, rinse with cold water right away.
- If swallowed, get medical help or contact a Poison Control Center right away.

INCREASE YOUR COVERAGE WITH HIBICLENS®

- Proven to kill MRSA (in vitro) and other staph infections.¹
- Kills germs on contact and bonds with the skin to keep killing microbes for up to 6 hours after washing.²
- Less irritating than other antiseptics.³
